

Maritime Engineers PTY LTD
A Member of James Fisher and Sons plc

H EALTH, SAFETY & ENVIRONMENT POLICY

OBJECTIVES

Maritime Engineers recognizes that the maritime industry has elements of risk attached to all activities undertaken by its surveyors and engineers.

Maritime Engineers management has a policy which promotes the health and safety of all staff in the workplace.

RESPONSIBILITIES

Management The management is committed to safe working practices for all employees by adhering to the requirements of Western Australian legislation and regulations relevant to occupational health and safety.

Maritime Engineers management is committed to the health of all employees and to promote the awareness, protection and conservation of the environment.

These commitments are actively promoted to employees through formal and in-house training regimes, review of safe working practices and promotion of a healthy working environment.

Staff All staff are encouraged to contribute to the HSE program at staff meetings and through feedback of practises encountered in the workplace.

All staff are formally advised of their obligations to participate in safe working practises.

HSE PROGRAM

Our formal HSE program encompasses: *Induction, Training, Safe Working Practices, Hazard Identification, Emergency Procedures, Provision and Use of PPE, and Review and Report.*
